COURSES OF INSTRUCTION.

THE Normal School Law provides for two distinct Courses of Instruction; the Elementary Course, and the Scientific Course.

ELEMENTARY COURSE.

JUNIOR YEAR.

Algebra, Arithmetic—oral and written—English Grammar, Geography, Orthography, Reading, Penmanship, Didactics.

MIDDLE YEAR.

FALL TERM.—Algebra, beginning at simple Equations; Arithmetic, English Grammar, Latin, Drawing, Reading, Didactics.

WINTER TERM.—Algebra, half term; Arithmetic, half term; English Grammar, Latin, Physiology, Drawing, Didactics.

SPRING TERM.—Botany, U. S. History and Constitution, Latin, Didactics, Book-keeping, Physiology and Mathematical Geography, Reviews.

SENIOR YEAR.

FALL TERM.—Geometry, Mental Philosophy, Natural Philosophy, Rhetoric, Vocal Music, Reviews.

WINTER TERM.—Geometry—half term; Natural Philosophy—half term; Literature, Didactics, Reviews.

WINTER TERM.—Elocution, Didactics, Reviews in all the studies of the course,

Throughout the Course—Composition, Speaking, and Orthography.

SCIENTIFIC COURSE.

JUNIOR YEAR.

FALL TERM.—University Algebra, Solid Geometry, Chemistry, Latin Grammar, and Latin Reader.

WINTER TERM.—University Algebra, Latin Reader, General History, Zoology.

SPRING TERM.—Trigonometry and Surveying, English Literature, Geology, Latin, English Classics.

SENIOR YEAR.

FALL TERM.—Analytical Geometry, Natural Philosophy, (Snell's Olmsted's), Cæsar

WINTER TERM.—Calculus, Natural Philosophy, Cæsar.

SPRING TERM.—Calculus, Moral Philosophy, Logic, Astronomy, Reviews.

SUBSTITUTIONS.—Latin, French and German may be substituted for Spherical Trigonometry, Analytical Geometry, Calculus, the mathematical part of Natural Philosophy and Astronomy, and the last third of University Algebra.

NOTE.—The Scientific Course also includes the Elementary Course.

Classes are also formed to accommodate the wants of those who are unable to take the regular course.

EXAMINATIONS.

Candidates for graduation are first examined by the Faculty, and if found qualified, are recommended to the State Board of Examiners.

The State Superintendent, who is the President of the Board, two Principals of Normal Schools, and two County, City or Borough Superintendents, constitute the Board of Examiners.

DIPLOMAS.

A student graduating in the Elementary Course receives a diploma, in which is named the branches studied, and by which he is constituted BACHELOR OF ELEMENTS; the diplomas of those graduating in the Scientific Course enumerate the distinctive branches of the Course and constitute their holders BACHELORS OF THE SCIENCES.

Regular graduates who have continued their studies for *two years* after graduating, and who have practiced their profession for *two full annual terms** in the Common Schools of the State, on presenting to the Faculty and the Board of Examiners a certificate of good moral character, and skill in the Art of Teaching—from the Board or Boards of Directors in whose employ they have taught, countersigned by the County Superintendent—may receive second diplomas, constituting them Masters in the several studies embraced in the course in which they graduated, and conferring upon them the corresponding professional degrees:

TEACHER OF ELEMENTARY DIDACTICS;

TEACHER OF SCIENTIFIC DIDACTICS.

The Normal School Law makes it the duty of the State Board of Examiners to grant Diplomas or State Certificates to actual teachers of Common Schools, without their having attended the Normal Schools as students, upon the following conditions:

1. The applicant must be twenty-one years of age; of good moral character; and must have taught successfully during three consecutive terms, in Common Schools of this State. The proof of good moral character and of satisfactory teaching for the requisite term must be a certificate from the proper Board or Boards of Directors, signed by the President and Secretary, and countersigned by the proper County Superintendent or Superintendents.

2. The examination may be in either the Elementary or the Scientific Course, as the applicant may select, according to the list of studies as printed in the circulars of the State Normal Schools, and approved by the State Superintendent; or in such other studies as may by the Board of Examiners be deemed equivalent.

3. Each applicant is required to prepare and present to the State Board of Examiners an original thesis, of not less than six folio pages of manuscript, on some professional subject, which thesis is to be retained at the school where the examination takes place.

4. The examination and certificate are without expense to the applicant, and the certificate is full evidence of qualification to teach the branches therein named, in any part of the State, without further examination.

5. Practical teachers, attending examinations at State Normal Schools for the purpose of procuring State Certificates, are examined separately from the regular students; and both the State Board of Examiners and the Faculty of the school at which the examination is held, take part in the examination, all being required to sign the certificate.

*An annual term must be at least *five months*.

MISCELLANEOUS.

Before students are graduated they are required to write a thesis upon some educational subject.

No person can be graduated from a Pennsylvania Normal School, who has not attended the school at least one-half of a school year.

Applications for second diplomas must be presented to the Board of Examiners at the regular annual examination of the school.

EXPENSES.

Tuition in all branches, including Book-Keeping, Drawing, Penmanship, and Vocal Music, and Board, including fuel, oil, room-rent, and ordinary washing, \$63.00 per term, or \$189.00 per year.

The first payment, \$40.00, to be made on the first day of the term; the second payment, \$23.00, to be made at the middle of the term.

No deduction is made for absence of less than three weeks, and then only in case of sickness.

The total expenses per year are \$189.00. When students avail themselves of State Appropriation, the expenses are reduced for the Junior Year to \$168.00, and in case of Soldiers' Orphans, to \$147.00.

For the Senior Year the expenses are reduced to \$118.00, and in case of Soldiers' Orphans, to \$98.00.

Tuition without board, including all branches as above, \$14.00 per term, or \$42.00 per year. The first payment, \$8.00, to be made the first day of the term; the second payment, \$6.00, to be made the middle of the term. No deduction for absence of less than half a term.

Instruction on Piano Forte, per term of twenty-four lessons, \$12.00.

Use of instrument two hours per day per term, \$2.00.

Music bills payable each half-term in advance.

Students' rooms are furnished with stoves, chairs, tables, stands, pails, bedsteads, mattresses, pillows, and one comfortable.

Students furnish lamps, mirrors, wash-bowls and pitchers, napkins, towels, pillow slips, sheets and one comfortable. The last five articles enumerated, *together with all clothing, should be distinctly marked with full name.*

For two days at the opening and two at the close of each term, students and their baggage are carried to and from the railway station free of charge.

All baggage should be distinctly marked with the name of the owner, and "State Normal School," to insure its being brought to the Normal buildings. Whenever baggage is to be taken to the station, it should be marked with the name and destination of the owner.

Produce, limited by the wants of the Institution, will be taken in payment for board, whenever patrons prefer to make payments in this way.

The ordinary text-books are rented to the students.

All students are required to board in the Institution unless specially excused by the Trustees, or those living with parents or guardians.

All bills must be settled with the Treasurer.

STATE APPROPRIATION.

By a recent act of the Legislature, the following appropriations are made by the State to Normal students and Normal graduates:

1. Each student over *seventeen years* of age, who shall sign a paper declaring his *intention* to teach in the Common Schools of the State, shall receive the sum of Fifty Cents per week.

2. Each student who has been *disabled in the military or naval service* of the United States, or of Pennsylvania or whose *father lost his life* in said service, and who shall sign an agreement as above, shall receive the sum of One Dollar per week.

3. Each student, who *upon graduating*, shall sign an agreement to teach in the Common Schools of the State *two full school years*, shall receive the sum of Fifty Dollars.

4. Any student, to secure these benefits, must attend the School at least twelve consecutive weeks. The State appropriation is to be deducted from the regular expenses of students for board and tuition.

MODEL SCHOOL.

Connected with the Normal School is a Model School of 100 pupils. This school is taught chiefly by the Normal students, under the supervision of the Principals and competent and experienced Critic Teachers.

CABINET.

There are now more than 5,000 specimens in the Cabinet, among which are:

1. The Foster collection of minerals. This magnificent collection, consisting of 2,500 specimens, the Committee were exceedingly fortunate in purchasing from Enoch Foster, Jr., A. M., of Bethel, Maine. Fifteen hundred specimens of this collection were classified and labeled by that very careful scholar, Prof. Shepard, of Amherst College. The remainder were added by Mr. Foster, who is himself a man of considerable taste.

2. The Smithsonian collection. This was the generous gift of the Smithsonian Institute, Washington, D. C., through its Secretary, Joseph Henry, LL. D. There are about 100 minerals; a large number of specimens of rocks, representing the building material of the various public works in Washington; and a valuable collection of shells. These were labeled by the mineralogist of the Smithsonian Institute.

3. The Conchological collection. This consists of one hundred genera and four hundred species of shells, all carefully labeled—purchased by Profs. Fradenburgh and Smith, and presented to the Institution.

4. The Eyster collection. This was the gift of Dr. Eyster, Harrisburg, Pa.; it consists of about 100 minerals.

5. Prof. Fradenburgh presented a collection consisting of about 150 specimens minerals and fossils (mostly Trenton and Niagara).

Students will find good facilities for scientific investigation. Those who are engaged in original investigation, and not connected with the school, will be permitted under proper restrictions, to avail themselves of the advantages offered by this Cabinet.

APPARATUS.

The Philosophical and Chemical apparatus is sufficient to afford students the opportunity to perform most of the experiments necessary to develop the principles of the sciences pursued.

NORMAL LITERARY, AND ATHENÆAN SOCIETIES.

These are Literary societies composed of students of the Normal School. They have small but select libraries. Literary exercises are held weekly, and each Society gives an annual literary entertainment.

RELIGIOUS PRIVILEGES.

The churches of Mansfield are Methodist, Baptist, Presbyterian and Episcopal. Connected with the school are a Sunday morning Bible Class, and Sunday and Wednesday evening Prayer Meetings, which all the students have an opportunity of attending.

LOCATION.

Mansfield is a village of about 1,500 inhabitants, situated on the Tioga and Elmira State Line Railroad, thirty-five miles from Elmira, N. Y., and ten miles from Blossburg, and on the Troy and Wellsboro Stage Line, sixteen miles from Troy, and twelve miles from Wellsboro. By a special act of the Legislature, no intoxicating liquors can be sold, nor billiard tables kept, within a radius of two miles of the State Normal School buildings.

Students coming via the Northern Central Railroad, take stage from either Roaring Branch or Troy, or railroad from Elmira, N. Y. Those coming by Lehigh Valley Railroad, change cars at Elmira. Those coming by the Erie Railroad, from the West, change cars at Corning, or Elmira, N. Y., and from the East, at Elmira.

BUILDINGS AND FIXTURES.

The South building is of brick, one hundred fifty feet in length by fifty feet in width. The rooms for students are large, with extra height of ceiling. This building and grounds cost about thirty-six thousand dollars.

The North building, also of brick, is situated one hundred fifty feet north, and the same distance east, of the South building. It is one hundred fifty feet in length and four stories in height. The main building is 78x43; and the two wings, with sixteen feet of front projection, are each 36x57. This building and grounds, together with the furniture, cost about forty thousand dollars.

The boarding hall, which is in the North building, is so arranged that students are grouped in families of ten at the tables, pupils of both sexes being seated around each table. The grouping is made with distinct reference to the cultivation of social habits and the rules of good society.

APPLICATIONS FOR TEACHERS.

Many Principles of Academies and Seminaries, and Directors of Common Schools apply at this Institution for teachers. Good teachers are furnished whenever practicable; but School Officers must not suppose that all persons who attend a Normal School three to six months, are thereby made good teachers.

GENERAL REMARKS.

If those desiring to enter the school are not prepared to make any sacrifices, to make study the first and only aim while here, to work diligently and faithfully, to be honest in all things, they should go anywhere but to a Normal School.

The Normal School is intended to be a self-governing institution. The persons to whom it offers decided advantages, must of necessity be those who will understand what is requisite, in order that the largest return may be received by them for their outlay of time and money. If any, through inadvertency, give evidence that they have mistaken the school in this respect, there will be no hesitancy in granting them a perpetual furlough.

Parents and guardians are earnestly reminded that under the most favorable circumstances, students who board out of the building cannot make as satisfactory progress as those who are under the immediate supervision of the school authorities.

THE MANSFIELD
BUSINESS COLLEGE

AND SCHOOL OF

MANSFIELD, TIOGA CO., PA.

F. M. ALLEN, PROPRIETOR.

Advertiser Print, Mansfield, Pa.

Allen's Commercial College,

MANFIELD, PA.

This School will be opened on the FIRST WEDNESDAY IN SEPTEMBER, 1880, affording all the advantages usually found at other institutions of the kind. The course of study will be thorough and complete, and competent teachers will have charge of the several departments.

Besides the regular course of

Business Book-Keeping and Penmanship,

there will be an ORNAMENTAL PENMANSHIP Department, and a

Telegraphic Department,

so that persons desiring can enter either by paying the required tuition for the department they wish to enter.

We advise every young person to learn Telegraphing, as it is a very useful acquirement, and is a trade to the person who learns it thoroughly, as much as the Printer's trade is to the person who learns that. The Office of the Fall Brook Branch of the Western Union Telegraph Co. is to be situated in the Commercial Building, and as soon as the student has advanced far enough, a chance will be given him to copy from this line so that he may know he is really getting that for which he has paid.

The Ornamental Penmanship Department will be under the charge of a superior teacher. Persons wishing to perfect themselves in this branch will find it to their advantage to take a course with us.

Here is an opportunity for young gentlemen and ladies to obtain a

Business Education at very Moderate Cost,

an education that will be useful in every walk in life, an education that every one should have whatever his occupation or attainments.

Unlike most institutions of the kind, Young Ladies will be admitted on equal terms with the gentlemen and will be treated as ladies in every particular.

Parents may feel safe in sending their boys to this school, as by a special act of the Legislature no intoxicating liquors can be sold, nor billiard saloons kept within a radius of two miles of the place.

The school is to be in a Brick building built for its especial use, and located on the business street of the place. The rooms will be large, light and healthy, and be arranged specially for convenience of both teachers and students.

As there will be no classes, students can enter at any time during the session, and as each student will receive individual instruction, it will depend on the application and ability of the student how soon he can complete the course.

And Telegraphic School,

MANSFIELD, FA.

The student on entering will be placed in the

Theory Department,

in which department he will receive instruction in the theory of business book-keeping, and when competent will be advanced to the

Practical Department,

where he will come in contact and do business with other students in precisely the same manner that men do business in every day life.

Having completed the course and passed the final examination, the student

Will Receive a Diploma,

constituting him Master of Accounts.

We guarantee no situations, but shall always gladly do what we can to aid our graduates.

MANSFIELD is a beautiful little village of about 1,500 inhabitants, situated on the Tioga and State Line Railroad, thirty-five miles distant from Elmira, N. Y., thirty miles from Corning, N. Y., and ten miles from Blossburg; and on the Troy and Wellsboro Stage Line sixteen miles from Troy and twelve miles from Wellsboro. A day's ride from New York, Buffalo and Rochester, N. Y., and easy of access from all points.

Students coming via Northern Central Railroad, take Stage from either Roaring Branch or Troy, or railroad from Elmira, N. Y. Those coming by Lehigh Valley Railroad change cars at Elmira. Coming by N. Y. Lake Erie and Western Railroad from West, change at Corning or Elmira, N. Y., and from East at Elmira.

Here is situated the State Normal School of the Fifth District, which is in a flourishing condition. If students so desire, arrangements can be made by which they can receive instruction in such studies as they choose in the above mentioned Normal School, and also pursue a course with us.

Students can obtain board from three to five dollars a week, according to quality of board and furnishing of the rooms.
